Additional Comments:

Culminating Senior Project: The final component of the Culminating Senior Project is an oral presentation to a panel of staff and community members. The presentation should include relevant details, anecdotes and information as evidence to support the conclusions in their self-assessment. The process should give proof of the student's ability to become a life-long learner. (Washington State Learning Goals 1, 2, 3 and 4) Student's presentation should be 10 – 15 minutes and they must score a 27 out of 36 to pass the presentation portion of the senior project.
