

Getting Started

You need to research three areas of interest for possible project ideas and complete the following for each:

Topic #1:

Give a summary of topic or question you are considering.

What reading did you do and what was learned?

Who did you interview and what did you learn?

List possible mentors for this topic.

What experience do you have with this topic?

List positives and negatives to consider.

Are there potential problems that could develop?

East Valley High School Culminating Senior Project Guide

Anticipation of expenses and other resources needed.

Topic #2:

Give a summary of topic or question you are considering.

What reading did you do and what was learned?

Who did you interview and what did you learn?

List possible mentors for this topic.

What experience do you have with this topic?

List positives and negatives to consider.

Are there potential problems that could develop?
